EXPERIENCES

It is obvious from the moment you walk through the doors at Boilermaker House that we love our whisky. The Boilermaker House staff are widely regarded as some of the best bartenders and most knowledgeable ambassadors of whisky in Australia.

With such passion and dedication to the cause it would be just plain rude not to share it with you. We thoroughly enjoy hosting classes whether you are looking to hone your knowledge or just have some fun. These special occasions are great to do with a group of friends or as a fun way to encourage team building amongst your staff.

Our whisky classes can be held either as part of an evening function or as an afternoon event (conditions apply). These sessions generally run for 90 minutes and include your knowledgeable host and your whisky tastings. Light snacks are provided but for something more substantial we can recommend a selection of cured meats and cheeses to enjoy throughout your class and a dinner post whisky tasting. Prices begin at \$75 per person, with additional matching beer optional - just ask our events team.

Please note that a minimum of six guests is required for our whisky masterclasses.

WHISKY 101 - \$80 per person

An introduction to the spirit and a look at the classic styles from the home of whisky distilling. We look at the 3 powerhouses of whisky distilling - Ireland, Scotland & The USA - the history and the differing methods of production.

WHISKIES OF THE WORLD - \$100 per person

Do the Scots do it best? We'll explore the wonderful world of whisky as interpreted by the Irish, Scottish, Japanese perhaps even an Indian, Aussie or Taiwanese or two.

A Tour of Scotland - \$125 per person

Looking at expressions from the home of Single Malt. A whisky from each of the 5 classic regions, looking at the differences and similarities in production and distillery style.

Old and Rare - \$200 per person

For the guy or gal who has everything! Here we look at whiskies that have won huge awards or gained international recognition from scoring extremely high on the professional score cards. With the current and volatile nature of rare whisky, these selections are based on what can currently be sourced, smuggled or shipped via friends in the know. Rest assured whatever you taste will make you the envy of anyone not there.
