

At Boilermaker House we take great pride in our cocktails.

Our menu has been developed to have something for everyone, it will take you on a journey from the start of your evening aperitifs, to the height of the party and right through to end of the evening night-caps. We hope you enjoy drinking them as much as we enjoy making them. If there is anything you can't make your mind up on, our team are well versed in a huge plethora of classics!
